YEAST NOW EASY TO TAKE

At Last in Convenient Tablet Form Combined with Iron.

Wonderfully Effective and Keeps Indefinitely.

At last the perfect yeast combination has been discovered!

No longer will it be necessary for people to put up with all the objectionable features of eating the ordinary baking yeast for health. For yeast may now be taken in convenient tablet form, combined with iron, which is necessary in order to get the best benefits from yeast.

This preparation is called Ironized Yeast, and is the approved vitamin tonic treatment, for run-down condition, loss of weight, nervousness, lack of energy, poor appetite, skin eruptions and other run-down symptoms.

The reason Ironized Yeast is bringing such splendid results everywhere is because it contains highly concentrated brewer's yeast which is far richer in vitamins than ordinary baking yeast. Vitamins, as we know, are the most essential of all food elements—yet our modern diet is almost entirely lacking in them.

If you are weak, pale, sickly—if you are nervous, irritable, and can't sleep nights—if your vitality is low and you are getting old before your time—then try this remarkable new tonic. You will notice a good improvement in your condition even after the first day's use. Pimples, boils, and other skin blemishes usually disappear entirely within two weeks. Everywhere people are saying that Ironized Yeast is just the tonic they needed.

Ironized Yeast will keep indefinitely and costs no more per dose than common yeast. Each package contains 10 days' treatment and costs only \$1.00—or just 10 cents a day. Special directions for children in each package. Made by the Ironized Yeast Company, Atlanta, Ga. (Adv.)

WORLD'S NOTABLES GUESTS OF LEGION

AT NATIONAL GATHERING

Foch, Beatty, Diaz, Jacques and Other Famed Leaders at Kansas City Convention.

(By the Associated Press)

Indianapolis, Ind., Sept. 9.—The longing for a closer understanding among the peoples of the world which has brought forth conferences of governments is to have a semi-official expression at the Third Annual Convention of the American Legion at Kansas City, October 31st, Nov. 1st and 2nd. For there will be present at Kansas City most distinguished representatives of the nations victorious in the World War who will voice the new aspirations toward world peace of the countries they represent. They will be honored guests of the Legion Convention, and their utterances will have especial significance from the fact that their appearance at Kansas City precedes the international disarmament conference which will be held in Washington on Armistice Day, November 11.

Foremost among the distinguished guests of the Legion will be Marshal Ferdinand Foch of France, generalissimo of the allied armies during their march to victory. Marshal Foch by his recent utterances has shown his capacity for leadership in peace as well as in war, and his first greetings to the men in civilian clothes whom he formerly knew in uniform, will be an important historical event. Marshal Foch took part in many of the ceremonies which marked the recent triumphal progress of the American Legion's mission through the battle towns and principal cities of France, and his speeches at Tarbes, his homeplace, and Flirey, the town that symbolizes Lorraine redeemed, presage the interest which his remarks before an audience in American will have.

With Marshall Foch will be Admiral Sir David Beatty, commander of the British fleet, whose sentiments towards America and Americans are well known. Admiral Beatty has given several formal assurances of his intention to attend the convention. He is to be the personal guest of a Kansas City citizen who has just returned from London with a message

of friendship from Admiral Beatty. Italy will be represented by General Armado Diaz and a staff of other notable Italian leaders. King Victor Emanuel personally selected General Diaz to convey the greetings of the Italian people to America in the informal world reunion which the Legion Convention will be. General Diaz expects to sail from Naples on October 6, accompanied by General De Luca Kennedy and his staff. He will be joined in the United States by Col. Vittorio di Bernezzo, Italian military attaché at Washington, and Carvo Huntington, assistant military attaché. It is hoped that other honored convention guests will be General Baron Jacques, commander-in-chief of the Belgian armies and Lieut. Gen. Sir William Currie, former commander of the Canadian corps in France.

General Pershing will greet the allied commanders with whom he was associated during the war, and Admiral William T. Sims, commander of the American fleet with the British sea forces, will also be present. Other prominent American fighting leaders expected are Maj. Gen. John A. Lejeune, commandant of the United States Marine Corps; Rear Admiral R. E. Kountz, chief of naval operations; Maj. Gen. Chas. P. Menoher, chief of army air service, and Brig. Gen. William C. Mitchell, assistant chief in charge of the air service. The commanding generals of all combat divisions have been invited.

President Harding has notified the convention committee that he will attend if official duties in Washington permit, and tentative acceptances to invitations have been received from a number of his cabinet officers. Vice President Coolidge is also expected to be present if the preliminaries of the Washington disarmament conference do not preclude his coming.

Governors of all the states have been invited to attend the convention and several have already accepted the invitations. They are expected to receive the salutes of the legionnaires from their own states marching in the parade on the opening day of the convention, and to represent their states in other events.

Samuel Gompers, president of the American Federation of labor, has been invited to attend, and it is believed that he will convey the greetings of the Federation to the legion in accordance with the provisions of a resolution adopted at the national convention in Denver this year.
